

I am writing to request funding for a training course on (put course name here) at Torilo Academy. The course costs (put fee here).

I am interested in this course because I believe it will help me to develop my skills and be beneficial in my current role.

The Torilo Academy course is highly rated and has a curriculum that covers essential topics. The course also includes a capstone project, which will give me the opportunity to apply my skills to a real-world problem.

I believe that this training would be a valuable investment for both my professional development and the company. I am confident that the skills I learn in this course will make me a more valuable asset to the team.

I have attached the link to the academy's website: <https://academy.torilo.ng>

Thank you for your consideration.

Sincerely,

[Your name]
